## INTRODUCTION

Our **MASTERS Clinics** run regularly throughout the year, offering swimmers the opportunity to develop their strokes in an informal, fun and encouraging environment. Over the last ten years, our clinics have brought together swimmers from across the world, drawn to the BEST Centre to not only improve their ability in the water, but to enjoy the company of a community of like-minded individuals, developing friendships along the way.

Run by BEST Centre Coaches, our **MASTERS Clinics** offer personalised coaching for both Masters swimmers and Triathletes. Book in for a week of technique or stamina work, or if you are in the area you can drop by and join in a coached session every day.

Please note that spaces are limited on each of the clinics, but remember, if you have a group of Masters or Triathletes that want to come out and you would like us to do the coaching, just let us know the dates and we will put a clinic together for your group.

# FACILITIES

## The Pool

The centrepiece of The *BEST Centre* is our outdoor Olympic-sized training pool. The 10 lane, 50m pool (50m x 25m x 2m) is a free-standing pool from Astral, who have supplied the competition pools for the FINA world championships.

## The Gym

We know that a well equipped gym is essential for a successful training camp, so we have an on-site gym fully equipped and dedicated to swimming. We also have two large areas suitable for land work, and plenty of space around the pool for stretching.

Our state of the art facilities at The *BEST Centre* attract individuals and teams from across the world. More specifically, we have welcomed 1000s of different swimming, water polo, triathlon and synchronised swimming teams from 38 countries worldwide. The combination of our facilities and the relaxing atmosphere of Colònia make for the perfect training camp - good enough for the very BEST!

This is just a short list of **top athletes** who have chosen The *BEST Centre* for their training camps. Visit [our website](#) for more information and interviews with your favourite athletes.

We believe the inspirational atmosphere created at The *BEST Centre* makes it the perfect place for a training week. Why not book today and come and join The *BEST Centre Family*.

### *Es Trenc and Es Estanys*

Are the beaches on the west side of the town. *Es Estanys* is the area of beach closest to the town, and then *Es Trenc* stretches for 3.000m of natural beauty. It is one of the few areas on the island to find sand dunes. In 1984 *Es Trenc* was declared a "Special Interest Natural Area".

There are bars at either end of the beach and sunbeds and umbrellas are available, although in limited numbers. There is a beach cafe and facilities on *Es Estanys*.

### *Es Dolç and Es Carbó*

Are the beaches on the east of the town. *Es Dolç* is the area of beach closer to the port with *Es Carbó* a little further round the headland.

While *Es Trenc* is the most famous of the island's beaches, *Es Carbó* and *Ses Roquetes* are preferred by those in the know. A 20 minute walk from *Es Dolç* will bring you to 1300m of virgin, 'S' shaped beach. If you don't fancy the walk, there are boats to hire to take you to the beaches. There are no beach cafes here, just sand and solitude.

## LOCATION

The *BEST Centre* is located in the south-east corner of Mallorca, in one of the islands most beautiful towns: Colònia Sant Jordi. It boasts some of the best beaches in Europe. It is a great place for strolling, cycling, fishing and kayaking, as well as numerous other outdoor activities. We will include plenty of fun activities away from the pool to make this a really memorable holiday.

Colònia Sant Jordi is where the locals and those in the know take their holidays and weekends away. The small town of Colònia Sant Jordi, nestling in the south east corner of the island in the municipality

of Ses Salinas, is renowned for its golden sand, crystal water and peaceful setting. Surrounded entirely by national park the town opens out onto some of the best beaches in the mediterranean. This is an amazing location to be!

Colònia Sant Jordi has everything you need to make your camp a success. The town is neither too large nor too small, and a short walk from the training centre you will find plenty of cafes, bars and restaurants, among them, according to the national press, the best paella not just on the island but in all of Spain!

## BEACHES

The stunning beaches on this part of the island have made Colònia Sant Jordi the most famous destination in the Balearic Islands. *Es Trenc*, on the west side of the town is the most well known of all the beaches in Mallorca because of its miles of golden sand, crystal clear water and

national parkland behind. The beach of *Es Trenc*, the coastal area around Colònia Sant Jordi and the island of *Cabrera*, renowned for its marine tourism, form what has been called the 'magical triangle' of the Balearics, because of its beauty and tranquility.

## TESTIMONIALS

*"The recent training camp in Mallorca was one of the best I've ever been on. There were about 35 swimmers plus staff and the atmosphere was so relaxed. Normally when I'm at a camp there's a big competition around the corner, but not this time and you could tell. We trained as hard as we always do but there was a bit of time set aside for us to have some fun. The team's main sponsor, British Gas, were out there with us and organised some games for us to play that were so funny! We even managed to play a round of crazy golf!"*  
**Rebecca Adlington OBE, Double Olympic Gold Medallist, Beijing 2008**

*"Once again thanks for everything. I knocked 9 mins off my time in the 1500m triathlon and finished 3rd man over 45. It was a very big event so the swim camp worked. We would love to come back next year."*  
**Gerry Daly**

*"The training while technical in places was also very fun at times which is good, it made for a very sociable atmosphere, some good laughs and making of some great friends."*  
**Catriona Browne**

*"The climate and peacefulness make the BEST Centre in Colònia Sant Jordi the perfect place to train."*  
**Florent Manadou, Olympic gold medallist**

*"Amazing pool sooooo want to come back. Thanks!"*  
**Hannah Miley, European record holder**

*"It's very easy to understand why James and Matthew selected Colonia de Sant Jordi for their new training camp site. The pool is located in a small, picturesque coastal town and is a short walk from the hotel and the city centre on the harbor. It offers the best of both worlds with quiet shops, restaurants and beach areas within walking distance but does not include diversions and distractions that would detract from the camp purpose. The new pool is state of the art and the fact that the owners are former world class swimmers enables them to anticipate our needs in advance of our enquiries. All in all, it is an ideal training camp environment."*  
**Dennis Pursley, Head Coach, Great Britain Swim Team**

*"To be honest we were really impressed with the pool and all your staff looked after us extremely well. Hotel was excellent and the staff were very polite and helpful. Transport was excellent and journey time to and from San Jordi' was excellent. From our camp's perspective we had a great week. We had step tests on the Monday afternoon and the athletes all produced their best ever results."*  
**Mick Massey, GB Disability HPC Manchester.**

*"Thank you very much for a great week of training!!! You have a fantastic facility!"*  
**Kerri-Anne Payne, world open water champion**

*"It is really nice here and we like it. The pool is excellent."*  
**Swedish National Junior team**
